

Advanced Energy Works for Florida

Peter Winston has been in the solar energy industry for more than 10 years and is passionate about helping people lower their dependence on traditional fossil fuels and save money in the process.

As a solar sales manager, Peter meets with homeowners to help them explore whether solar is right for them and their home. With his strong industry experience, Peter is exactly the type of professional homeowners come to rely on as they make the switch to solar. Peter graduated with a bachelor's degree in Business from Fairleigh Dickinson University in New Jersey.

Vivint Solar is a leading full-service residential solar provider in the United States, with over 3,500 employees serving more than 139,000 customers in 22 states. With Vivint Solar, customers can power their homes with clean, renewable energy and typically achieve significant financial savings over time. Offering integrated residential solar solutions for the entire customer lifecycle, Vivint Solar designs and installs the solar energy systems for its customers, and offers monitoring and maintenance services. Vivint Solar also offers solar plus storage systems with LG home batteries.
